

IFG Recycled

IFG - Recycled Polypropylene (rPP) Fibres

IFG have been producing PP-staple fibres in a melt spun process for almost 50 years. IFG's rPP fibres show a further step forward and commitment towards our drive to increase sustainability. rPP consists of virgin PP combined with mechanically recycled PP (5 - 50%) and is available in raw white, grey or black

Titre:
7 – 600 dtex

Cut length:
6 – 90 mm

Crimp:
0.5 – 8 crimps/cm or
straight

Tenacity:
25 – 35 cN/tex

Elongation:
40 - 120%

Applications:
Carpets, Automotive,
Construction

| | |
|-----------------|------------------------------------|
| Form of supply: | Staple fibres or Tow |
| Packaging: | Bales, cardboard boxes or big bags |

Special demands on certain properties need to be discussed.

Sustainability is imperative to our future, and we have a responsibility to ensure our company, products and customers can contribute as much as possible. Our progressive R&D line investment allows IFG to develop more environmentally friendly, sustainable fibres, recycled polymers and be committed to future advancements in technology
